isbn:9780803271098

This collection of powerful stories reveals the complex and wondrous world of the Blackfoot nation in the nineteenth century. The thirty tales transcribed by George Bird Grinnell provide an intimate look into Blackfoot culture and philosophy and remind us of tribal values to be upheld and taught. Classic tales of adventure speak of deeds accomplished, and cultural heroes roam across an arresting Native landscape of legend and history. Ancient stories, captured in oral tradition, cast the shadow of the Blackfoot people far into the past and provide foundation and meaning for their lives in the present. The final section of this book is an insightful overview of the history and culture of the Blackfoot Nation. First published in 1892, "Blackfoot Lodge Tales" is based on George Bird Grinnell's personal interactions with the Blackfoot people. A member of the Blackfeet Tribe and a historian, Thedis Crowe provides an indigenous perspective of the "Blackfoot Lodge Tales" in her new introduction to this edition. Her great-great grandfather, William Russell, served as the Blackfoot interpreter for Grinnell. George Bird Grinnell (1849-1938), a well-known naturalist and ethnologist, was the author of "By Cheyenne Campfires", "The Cheyenne Indians", and "Two Great Scouts" and "Their Pawnee Battalion", all available in Bison Books editions.
