All people have psychic potential, but few know how to harness it. *Be Your Own Psychic* offers lessons on understanding and programming dreams, acting on hunches, gaining true insight, and following a deeper guidance. Readers will learn telepathy and precognition and see how to use psychic powers to find the perfect partner, build a successful career, and even experience the life-enhancing aspects of psychic sex. The book also includes 65 self-guided exercises to awaken one's instinctive powers.
