(Book). This entertaining book presents the U.S. and U.K. Top 20 charts side by side, month by month showing how rock and pop developed on each side of the Atlantic. Fully updated, it lists the hits from 1954 through 2003. Alongside every song listing, readers will find important facts such as the artist's name and nationality, current and previous month's chart position, record label, weeks on the chart, and simultaneous position on the other side of the pond. Includes an alphabetical listing of song titles with artists, and an alphabetical listing of artists with song titles and chart-entry dates, enabling easy cross-referencing to help you track down any Top 20 record since 1954.
