From the Archies to Britney Spears, bubblegum music has excited every generation of music lovers. Featuring interviews with many of the genre's major creators, this

ambitious anthology dismantles the worst myths about how bubblegum is produced and identifies the gum tendencies of artists as various as the Sex Pistols, Abba, the Monkees, and the Ramones. The book reveals the light and dark sides of the music, telling bitter tales of litigious backstabbing, pistol-wielding producers, and the perversities behind the jingles.
