A new collection of stories -- alternately hair-raising, hilarious, and heart-wrenching -- by Terry Grosz, a wildlife conservation law enforcement officer whose heroic career was dedicated to preserving our precious natural resources and wildlife heritage, for our children and our children's children. In his third book of high-adventure tales, Grosz chronicles his years as a special agent for the U.S. Fish and Wildlife Service, when he left his home state of California and headed off for new horizons and bigger battles.
