著者:Iseabail C. MacLeod

出版者:Wordsworth Editions Ltd

出版时间:1998-04-01

装帧:Paperback

isbn:9781853263668

This newly commissioned, authoritative book includes many unusual names as well as the more popular ones. It is alphabetically arranged, with comprehensive cross-references and pronunciation where necessary, making it easy to find information quickly.

The approach is concise and up-to-date, and it will appeal to all who need a reliable source of reference, as well as those who are interested in discovering more information about a particular name, whether it is their own or someone else's. Above all, it is an invaluable guide for parents in the choice of names for their children.
