出版者:New World Library

出版时间:2003-9

装帧:平装

isbn:9781577314264

Wanda Burch dreamt that she would die at a certain age; her dreams foretold her diagnosis of cancer, and then guided her toward treatment and wellness. She took advantage of all the usual medical resources available to her, but believes she is alive because of her intimate engagement with the dreamworld. *She Who Dreams* takes the reader into that healing dreamworld, opening a path to self-diagnosis and physical and psychic health. Through powerful prose and practical exercises, this book describes in compelling detail a life lived and deepened, and a death postponed. In the process it shows that wisdom lives within everyone, and that anyone can tap into that wisdom through dreamwork.
