Recommended for every guitarist regardless of playing ability or musical taste. Starting

with all the basics a beginner needs to know, yet it builds at a steady progressive rate through advanced and professional level techniques and applications. A scale encyclopedia, but more importantly showing every possible way to use these scales to make music with them. Over 5 years of private lessons. Master every note, every scale, every key, in every position on the entire fretboard of your guitar This is the only course you will ever need to learn scales, and play lead guitar - And it's all in one book Traditional music notation and TAB, (tablature), throughout the entire book Improve playing ability and improvisation Write great solos, leads, and fills Understanding of key changes and modes simplified Other books and videos, even ongoing series, do not compare Highly praised by beginner through professional guitar players Master your guitar on the entire fretboard Each lesson is built on what you have learned from previous pages Includes every scale known A valued reference for as long as you play guitar Professional and college level made easy 176 JAM-PACKED PAGES
