This work contains 600 Terms, Concepts, and Critical Theories. Are all defined, explained, and illustrated in clear, easy-to-understand language. It provides students with all the literary and critical terms commonly encountered in the study of literature, from the basic to the complex and avante garde. Including numerous examples, it allows students to clarify the terms and ideas in each entry. By using cross-references, it further helps study by linking related terms and concepts, and technical terms with their more common counterparts.
