Dr. Friedman has woven 24 illustrative tales that offer fresh perspectives on familiar human foibles and reflect the author's humor, pathos, and understanding. Friedman takes on resistance and other "demons" to show that neither insight, nor encouragement, nor intimidation can in themselves motivate an unmotivated person to change. These provocative tales playfully demonstrate that new ideas, new questions, and imagination, more than accepted wisdom, provide each of us with the keys to overcoming stubborn emotional barriers and facilitating real change both in ourselves and others. Sure to intrigue and inform, this book belongs in the resource library of public speakers, teachers, trainers, and clergy, as well as general readers.
