"Shane L. Windmeyer has created a vitally important resource for students seeking a welcoming learning environment and provides administrators with a road map to a more inclusive campus. Windmeyer covers the waterfront of policies and practices that make the best colleges. This book is a significant step in changing the hearts and minds of our next generation of leaders."

Joe Solmonese President, Human Rights Campaign

"In the past, LGBT students preparing for college had little to go on when it came to assessing what life would be like for them on campus. Those days are over, thanks to this groundbreaking guide, Shane Windmeyer has given voice to the true experts of college life: the students themselves, who share what it's like to be queer on their campuses. That means a lot less guesswork for LGBT high-school seniors getting ready to head off to college. To top it off, the guide's tips and resources provide ample inspiration for student activists and educators who want to continue pushing the envelope to ensure complete LGBT-inclusivity on campus. Bravo!"

Matt Foreman Executive Director, National Gay and Lesbian Task Force

"The only book of its kind, THE ADVOCATE COLLEGE GUIDE FOR LGBT STUDENTS is a must-have for queer students beginning the college search process. As a LGBT high school junior, the guide provides a remarkable resource, giving insight into the climate of colleges and the resources available for LGBT students. While other college guides pay mere lip service to LGBT issues if mentioned at all, this guidebook incorporates quotes from actual members of the LGBT campus community, allowing prospective students to see what LGBT campus life is really all about. Covering all of the topics essential to queer students--from the LGBT-friendly academic courses to the LGBT social calendar to the queer resources available on campus-THE ADVOCATE COLLEGE GUIDE FOR LGBT STUDENTS answers all of the queer-related questions. The guide is just in time for LGBT students like me. Thank you!"

Charlie Syms LGBT High School Junior Class of 2007

"This is an indispensable source of information for college-bound students and their parents. While LGBT college students truly are everywhere and on every campus, THE ADVOCATE COLLEGE GUIDE FOR LGBT STUDENTS delivers an insider's look at the academic climates and the social scenes at schools where LGBT students are allowed to flourish. This is perhaps the most useful -- and important -- information ever compiled for helping LGBT high school students find a campus that's right for them."

Neil G. Giuliano, President Gay & Lesbian Alliance Against Defamation (GLAAD)

"How times have changed! THE ADVOCATE COLLEGE GUIDE FOR LGBT STUDENTS provides information on both the academic life and social life for LGBT students...a source book for queers, if you will, to assist in choosing an institution of higher education where they can feel safe, valued, and appreciated. The fact that this

resource exists is testament to how far we have come in regards to institutionalizing LGBT issues in higher education."

Susan Rankin, Ph.D. Senior Diversity Planning Analyst & Assistant Professor Office of the Vice Provost for Educational Equity Pennsylvania State University
