Working with Earth Energies is the new book from a leading healer and spiritual teacher. David Furlong tells you how to get back in touch with the Earth and nature. He teaches you how to connect not only with plants and trees, but with sacred sites and the love and energy of the Earth itself. In the 21st century we have become so reliant on science and man-made environments that now growing numbers of people are trying to reconnect with our wonderful planet, a place that needs to feel our love and respect. With basic exercises and instructions, in this book you will learn: How to work with sacred sites and Earth power centres; How to tune into plants and trees; How to communicate with the spirits of nature; How to balance the energy of your home and environment; How to clear the energy of a place after a traumatic event; How to release ghosts and lost souls; How to protect yourself and reverse spells and rituals; How to set up your own Earth healing group
