"Still the One" - Beverly should be closing up shop, not checking out the seriously good looking brother on Aisle 5. But that beautiful piece of walking DNA is no stranger. He's Ethan Jacobs, who she hasn't seen in twenty years. Now that he's all grown up in every way, he's ready to show Beverly what she's been missing down to her very private core. "Her Wildest Fantasy" - At the ultra-private sex club Video, the password is "Hedonist." It's a place where nothing is forbidden, and you can get your freak on for anything the extensive menu offers. For Sonata, the first time at Video is erotic, eye-opening, beyond all her wildest fantasies - and her first time will definitely not be her last..."Pure Pleasure" - Professor Julian Tate is all about the work and little else. His only company is a sultry dream siren who comes to him in sleep, satisfying him as no one else can - until he meets Tamarind Hannah. Now, this sexy, Jamaican artist is about to unlock the doors to Julian's most taboo sexual desires and make his wildest dreams a straight-up reality...
