著者:Finkelman, Paul 编

出版者:Routledge

出版时间:2006-9

装帧:HRD

isbn:9780415943420

This encyclopedia on American history and law is the first devoted to examining the issues of civil liberties and their relevance to major current events while providing a

historical context and a philosophical discussion of the evolution of civil liberties. Coverage includes the traditional civil liberties: freedom of speech, press, religion, assembly, and petition. In addition, it also covers concerns such as privacy, the rights of the accused, and national security. Alphabetically organized for ease of access, the articles range in length from 250 words for a brief biography to 5,000 words for in-depth analyses. Entries are organized around the following themes: organizations and government bodies; legislation and legislative action, statutes, and acts; historical overviews; biographies; cases; and themes, issues, concepts, and events. The "Encyclopedia of American Civil Liberties" is an essential reference for students and researchers as well as for the general reader to help better understand the world we live in today.
