著者:Schoenherr, Allan A.

出版者:Univ of California Pr

出版时间:1995-2

装帧:Pap

isbn:9780520069220

In this comprehensive and abundantly illustrated book, Allan Schoenherr describes a state with a greater range of landforms, a greater variety of habitats, and more kinds of plants and animals than any area of equivalent size in all of North America. "A Natural History of California" will familiarize the reader with the climate, rocks, soil, plants and animals in each distinctive region of the state.
