出版者:John Benjamins Publishing Company

出版时间:2006

装帧:Pap

isbn:9789027232359

This encyclopaedia of one of the major fields of language studies is a continuously updated source of state-of-the-art information for anyone interested in language use. The IPrA Handbook of Pragmatics provides easy access — for scholars with widely divergent backgrounds but with convergent interests in the use and functioning of language — to the different topics, traditions and methods which together make up the field of Pragmatics, broadly conceived as the cognitive, social and cultural study of language and communication, i.e. the science of language use.

The Handbook of Pragmatics is a unique reference work for researchers, which has been expanded and updated continuously with annual installments since 1995. It is also available online.

作者介绍:

Jef Verschueren | University of Antwerp

Jan-Ola Östman | University of Helsinki

目录: Applied linguistics  
Britt-Louise Gunnarsson
