This CD-ROM "contains an electronic version of the 1995 print edition of "Works about John Dewey "as well as thousands of additional entries through 2006 in Windows and Macintosh formats. "Works about John Dewey, 1886-2006 "is divided into four parts: "Books and Articles about Dewey," "Reviews of Dewey's Works," the "Author Index," and the "Title Key Word Index." The compact disc format makes searching easy and accurate. Levine has included all of the material published about Dewey during the 120 years between 1886 and 2006. She has verified all items and, whenever possible, obtained copies. This CD-ROM is an indispensable resource for Dewey research.
