

It Takes More Than Love

"For all the dedicated and loving individuals who are handling the challenging task of caring for a beloved elder... your job just became easier!"
— Kim Dychtwald, Ph.D., author of *Age Wave* and *Age Power*

A vital guidebook, written especially for family members, friends, and spouses of dependent older adults. One-of-a-kind book addresses both the practical and the personal issues confronted by those new to balancing a caregiver's role with a personal life. Authors are experts in their field, and have taken a "Dr. Spock-like" approach to caregiving.
