This is a vivid and rollicking account of The Band's journey across three decades. Spanning the history of American rock and boasting a supporting cast that includes Dylan, Janis Joplin, and U2, the book brilliantly captures the raw magic and complex personalities of a group George Harrison called "the best band in the history of the universe." This revised U.S. edition includes a postscript, together with an obituary of Rick Danko and a brand-new interview with Robbie Robertson.
