How many times have you said you're killing yourself trying to keep your house clean? You might have been joking, but you're closer to the truth than you think if you're using expensive commercial cleansers. Karen Logan, an environmentalist with years of experience developing and selling her own line of eco-friendly cleaning products, reveals the secret of using simple, ordinary ingredients like baking soda, vinegar, soap, lemon juice, and salt to make safe, inexpensive cleaners.
