This book-audio package provides a unique introduction to fifty of the most familiar birds of North America and the songs they sing. Each bird is described in vivid detail - its natural history, habitat, voice, range, and field marks - and illustrated in stunning color photographs. Range maps show where each species is found in different seasons. The audio CD features original high-quality field recordings of each bird's songs and calls, which are track-coded for easy access. Common Birds and Their

Songs will be valuable to anyone interested in birds, from beginner to expert. It's the perfect gift for any birder - or anyone with a bird feeder.
