Learn to channel improvisational impulses into great solos with this amazing book and

CD by outstanding jazz performer and educator, Mark Dziuba. Topics are thoroughly explained and organized into three main categories: instruction in the harmonic and melodic structures of jazz, discussions of practical application, and conceptual issues. Complex subjects are taught with an engaging and friendly style, so things like melodic and rhythmic motifs, phrasing, development, guide tones, chromaticism and functional harmony are easy and enjoyable to learn. This is a must-have book for all jazz guitarists that will be used for years to come. 144 pages.
