When you read a novel by Rosamunde Pilcher you enter a special world where emotions sing from the heart. A world that lovingly captures the ties that bind us to one another—the joys and sorrows, heartbreaks and misunderstandings, and glad, perfect moments when we are in true harmony. A world filled with evocative, engrossing, and above all, enjoyable portraits of people's lives and loves, tenderly laid open for us... Oliver Dobbs was a writer first, and a man second. To him other people were tools. Even though he had broken Victoria Bradshaw's heart once, when he arrived on her doorstep with a two-year-old son, she found she could not refuse him, and the three of them set out for a castle in Scotland. There, Victoria meets the new laird and finds her crushed spirit awakening.
