Follow Ben through his daily comic adventures involving beer, weed, work, shows, tour, love, and parties filled with monsters. His drawing and writing style is sincere and

heartfelt and you can feel his highs and lows. Each day is captured in 3 frames, along with what he was listening to while drawing the frame. Despite his skull t-shirts and rough exterior you can tell he's a big softy and not just cruising for the next kiss or party. The more you read the more it sucks you in. Overall, it's a captivating look at each of our own lives and perspectives.
