出版者:Motorbooks Intl

出版时间:1995-10

装帧:Pap

isbn:9780760300459

The first all-color look at all military and civilian versions of the popular Hummer. This gallery is filled with history and development of the original military Humvee, evolution of the modern civilian Hummer, special use Hummers, off-road driving tips and techniques, and specification and technical notes.
