Life in the Victorian period, focusing on the social, religious, scientific, and artistic movements that characterized the age. The reputation of the Victorian age in England has undergone many vicissitudes, but it is now higher than ever. In this important study, Richard D. Altick moves us toward an understanding of the social, intellectual, and theological crises that Carlyle and Dickens, Tennyson and Arnold were daily struggling to solve. And the issues were many: the revolution in class structure and class attitudes; the rise of utilitarianism and the evangelical spirit; the crisis in religion, including the Oxford movement and Darwinism; the democratization of culture; the place of art and the artist in an industrial, bourgeois society; the effects of industrialism, especially on the way people live. Altick brings to the discussion of these complicated questions the lively and sensitive intelligence that his many readers have come to expect. He includes contemporary illustrations and a full reference index.

## 评论

还没有读完就要退课了。。。维多利亚时期底层人们真是悲惨

-----  
这真是一本极好的科普（扫盲）读物，内容就如其书名所呈现的那样，是对维多利亚时期的英国社会思潮以及被卷裹其中的英国人的大体介绍，有些具体事例很生动，比如书籍审查制度和workhouse的发展等等。

-----  
好有趣，但是有些观点没有好好地develop~
