出版者:Transition Vendor

出版时间:2005-1

装帧:Pap

isbn:9781562014636

Lisa is all grown up now, or so she thinks. She has her own business and a real boyfriend, but she hasn't outgrown the need to stick her pert little nose where it doesn' t belong, nor have the men in her life — Michael, Greg, and Professor Travis — seen fit to stop spanking her bare bottom when she misbehaves. Still, they spank her because they care, and she would have it no other way.
