Do you realize how revealing your handwriting is? Whenever you put pen to paper - whether applying for a job, addressing an envelope or merely doodling - you may be giving away much more about yourself than you intend. In this highly readable and authoritative guide, graphologist Peter West uses over 300 illustrations to analyse:

- General features - slant, size and margin,
- Specifics - capitals, numbers, signatures and choice of ink and paper colour,
- Doodles - what is the secret of your absent-minded designs?
- The letters of the alphabet - identifying the main stylistic variations.

It includes illuminating sections on graphology as an aid to:

- Assessing compatibility in relationships,
- Personal management,
- Child guidance.

Handwriting provides a fascinating and invaluable chance to better understanding yourself and others.
