The internationally best-selling author of *The Butcher and Behind Closed Doors*, Alina Reyes has spun sumptuous erotic tales out of a carnivalesque scene with a cameo from Batman and a corpulent butcher's dirty fantasies. *Satisfaction* is an equally witty, fearless, and playful take on contemporary sexual mores and the normalization of "kink." A typical suburban American couple, Babe and Bobby have been married for several years and are dismayed that their sex life no longer thrills them. But when Babe spies on her husband in the garage, pleasuring another woman on the hood of his vintage Cadillac, she becomes highly aroused. She tries to catch the "mistress" leaving, to no avail. Then in the trunk of the car Babe finds a life-size doll whose resemblance to a real woman is astonishing and, taking Bobby's toy for her own, Babe finds all of her repressed desires coming vigorously back to life. With language that is energetic, visual, and powerful, this brazen and original work confirms Alina Reyes as one of the most potent erotic novelists of our time.
