The Peterson Field Guide Series (R) Sponsored by the National Audubon Society, the National Wildlife Federation, and the Roger Tory Peterson Institute America's Best-Selling Field Guides THE PETERSON IDENTIFICATION SYSTEM Roger Tory Peterson's unique system shows exactly what features to look for to tell one species from another. EASE OF USE Peterson Field Guides are designed to work in the field, and every illustration, every word, is directed to that end. THE AUTHORS AND ILLUSTRATORS For each Field Guide, an author with expertise in the subject and an experienced artist work closely with the editors to ensure that both text and illustrations are accurate. A Field Guide to Mammals of North America The most comprehensive, in-depth, and current guide to North American mammals, this book covers all the mammals found in North America north of Mexico, including those that live in near-shore waters. The only guide to include paintings and photographs of the animals as well as photographs of mammal skulls, it has 80 color plates, plus 46 additional color illustrations and black-and-white drawings, nearly 400 range maps, and more than 100 color photographs.
