With over 300 stunning photographs of wedding flowers, this book contains bouquets to inspire every bride. A bride's bouquet sets the mood for all wedding flowers, so choosing the perfect style is essential. Should they be stylish, formal or simply natural? Formed into a perfect round nosegay or romantic cascade? Which shape suits your dress? Will you choose red roses for love, or freesias for trust? "Wedding Bouquets"

answers all these questions and more, to ensure the bouquet you finally choose is the perfect expression of how you feel on this important and magical day.
