This biography of Frédéric Chopin by his friend and fellow artist, Franz Liszt, offers a highly informed assessment of the Polish composer's musical legacy. It's further enlivened by the author's personal acquaintance with Chopin's other friends, who included Sand, Balzac, Hugo, Berlioz, Delacroix, and Schumann. Liszt surveys the brilliance of several of Chopin's masterpieces.

密密麻麻的。传说中李斯特的文采很棒。

我估计要弃书了。李斯特果然是文如其音乐，极尽华丽。各种GRE专八词汇和复杂句式层出不穷，习惯了学术论文的简单粗暴，竟然发现书里十句有八句须反复分析语法结构才能明白作者的意图。看着真够泄气的。
