Look to the stars, and find your personal destiny. Professional astrologist Sasha Fenton--author of more than 120 books with sales of over 6.5 million copies worldwide--makes it easy. Her unique system is based on the time of birth, but unlike many others, you don't have to dig up the exact hour. Plus, all the charts are extraordinarily easy-to-follow, user-friendly, and well-introduced. Using a basic time chart--the key to her method--Fenton provides interpretations for each general time of birth, along with variations for each of the 12 sun signs. Additional analyses illuminate the moon, rising, and other signs and houses. A great bonus for those still hungry for information: they can log onto her website free of charge.
