Three sexy, original stories of men who are totally off-limits. From the author of the sizzling "One Dark Night"-three highly charged tales of unexpected desire, from the faraway past deep into the distant future... Here are three beautiful, daring women who find themselves succumbing to the forbidden, overpowering passion ignited by their arch enemies. Set in three different worlds-the past, the present, and the future-these stories will take readers way beyond their wildest imagination and into their most sensuous fantasies
