The serenity and freshness of the beach and sea are reflected throughout this book. Here you'll find paradise-like enclaves ideal for cocktails, sunbathing and every form of lazy relaxation. Sun-kissed resorts on the Caribbean, Pacific and Indian Oceans, but above all on the Mediterranean Sea, let the reader get carried away by the spectacular

beauty, forget about time and space, and surrender body and mind to the sound of the sea. 31 enticing beach clubs, hotels, terraces and retreats are presented here, each special in its own way, from almost deserted islands to famous European beaches, pseudo-rustic hideaways to sylvan restaurants. There are ideas galore here for designers of an oceanic bent, connoisseurs of calm luxury or simple worshippers of sun, sea and sand.
