出版时间:2004-5

装帧:Pap

isbn:9780073015958

Combining a proven technique with an effective and easy-to-use supplements package, "Ear Training: A Technique for Listening" is the ideal text for college aural skills courses. Its logical progression in the coverage of skills enables students to build gradually to full proficiency, while ensuring that material they learn early in the course remains fresh. Its flexibility makes it equally effective in a lab-based course, in an instructor-guided setting, or in a course that combines the two.
