In this exciting sequel, Charlene, the friend who first brought word that an ancient manuscript had been found in Peru, has suddenly disappeared while exploring an old-growth forest deep in the Appalachian Mountains. Here, in this rich setting of cathedral forests, wooded streams, and majestic waterfalls, your adventure in search of the Tenth Insight begins. It is a trip that will take you through portals into other dimensions ... to memories of past experiences and other centuries ... to the moment before our conception and the birth vision we all experience ... to the passage of death and the life review we must all face ... to the self-imposed isolation of hell, where fearful souls resist awakening ... and the love-filled Afterlife dimension where the knowledge of human destiny is guarded and held. And back on Earth, you will see the fear of the future that is endangering Earth's spiritual renaissance, and you will struggle to overcome this fear by exploring the nature of intuition, synchronicity and visualization.
