出版时间:1995-11

装帧:Pap

isbn:9780201489392

"Quirky, unassuming, humorous, enlightening, and just a little bizarre" (Washington Post Book World), Heinrich's chronicle of his year spent alone--except for his pet raven--in a cabin with no running water or electricity in the Maine woods brings readers back to the drama in small things, when life is lived consciously.
