出版者:Oxford Univ Pr on Demand

出版时间:1995-2

装帧:Pap

isbn:9780198259909

This volume brings together lawyers, accountants, sociologists and economists to explore some central themes of the legal and organizational accountability of the public corporation. The papers offer the first sustained attempt to transcend the institutionalist and contractarian visions which, during the 1980s, became the mainstream perspectives in corporate analysis.
