出版者:Lone Pine Pub

出版时间:1994-12

装帧:Pap

isbn:9781551050461

This book covers over 500 species of mushrooms found in the Pacific Northwest and western Canada, from Minnesota to the Pacific Coast and from Alaska south to California. Each plant is described in detail, including information on habitat, distribution, identification and edibility. The text is accompanied by exquisite color illustrations. Indexes for common names, genera and species, as well as an illustrated glossary, are also included.
