isbn:9781562533168

This book aims to bring standard cosmetology practices into balance with the beauty of natural hair care. With the use of illustrations and color photographs, it details traditional braiding techniques with and without extensions. It discusses the holistic

approach to natural hair care, offering herbal treatments and remedies. For professional stylists, it s an invaluable guide to updating one s skills and expanding alternative, chemical-free services to one s clients.
