isbn:9780130771612

Designed primarily as a text for beginning orchestration courses, but includes material for advanced study and may serve as a reference. As in the earlier editions, the emphasis is on the practical fundamentals of orchestration. The Sixth Edition has been expanded and revised to reflect new developments in instruments and orchestral practice, and a new listening compact disc has been added that contains selected examples of orchestration.

评论

对于自学相当实用, 谱例从头到尾对于巴赫的同一首chorale片段(Jesu, meine Freude)使用不同的配器, 而且CD中各章的对于该chorale的配器的例子如果去掉” Example x.xx “这种提示语句, 完全可以很连贯的连在一起, 相当有感觉。
