In WILDWOOD, Drusilla Campbell delves deeply into the heart of friendship in a highly accomplished novel. It is the story of Hannah, Jeanne and Liz, lifelong friends who are forced to confront the memory of a terrible incident that occurred long ago. It has been thirty years since any of the three woman spoke the words "Bluegang Creek". Something unspeakable happened near that shady steam that shaped their lives - and lurks in the shadows of their darkest hours. Now, Liz can no longer bear the silence. What she is about to bring into the light will test the very limits of friendship - and transport all three women back to that fateful summer day when their innocence was shattered forever.
