Dog owners can care for their canines from puppyhood to old age through a safe and natural system using the flower remedies created by Dr. Edward Bach in the 1930s. This book explores how this healing therapy heals ailments with different flora and can be applied to dogs to ease their mental stress, worry, and other emotional problems. Individuals can gain a closer understanding with their dogs and spare them from unnecessary medications and drugs in the process. The book delves into the background of the 38 different Bach flower remedies and their applications in animal health, and it also addresses commonly asked questions that dog owners may have.
