Small enough to carry in a purse or pocket, this book provides a calendar that can be kept from year to year on which to record the birthdays, anniversaries, and special days of horse-loving friends. It also suggests hundreds of recipes for handmade gifts to make or buy to create truly unique gifts for horse lovers, including apple wreaths, wind chimes made of horseshoes, custom halters, macrame lead ropes, homemade horse treats, or hand-lettered gift certificates for complimentary stall cleanings, grooming sessions, or an overnight pregnant mare watch.
