Designed to help develop a bond between the horse and the trainer, which leads to greater trust and the ability to get the most from the relationship. This book includes

step-by-step guides on how to improve the horse's suppleness, obedience and education from the groundwork level. It teaches the trainer how to tune in to the subtle body language of the horse and communicate with it in a much clearer way. It also contains techniques developed and applied by top trainers and equine behaviourists.
