出版时间:2006-4

装帧:Pap

isbn:9780761833970

Silent Victims offers students, professionals, and laypersons an overview of the most critical scientific and anecdotal findings about the factors surrounding animal abuse. Presented in a user-friendly style, the book examines the antecedents and consequences of animal cruelty. The research findings presented include notable studies on the factors associated with animal abuse, including the perpetrators, abusive environments, and other factors thought to be linked to animal cruelty. The book also offers readers an insider's look at animal cruelty; real life tales weave theories and research findings with applied fieldwork, and examine commonly used strategies and techniques for recognizing and addressing animal abuse cases.
