With extraordinary insight and vision, veterinarian and animal behaviorist Dr. Fox explores the minds and hearts of dogs. Dogs, and all animals, have much to teach their human companions, if only humans knew how to listen. In Dog Body/Dog Mind, Fox seeks to enhance readers' understanding and communication with their canine companions. He helps readers become more fluent in "dog speak," and to understand what dogs feel, think, and want, strengthening the dog-human bond. Better communication leads to happier dogs and people. Fox also offers a holistic approach to companion animal care and preventive medicine, as well as behavioral advice and training tips that will help guarantee a healthy and happy animal.
