This book is an inspirational, emotional, true story of a professional athlete who once dreamed of riding on the United States Equestrian Team then, tragically, has her world turned upside down after becoming permanently disabled in a horrible accident. In a miraculous twist of fate, the dog that she rescued five years before rescues her back by becoming her service dog and helps her turn tragedy into triumph. Forced to relearn what many of us take for granted such as reading, writing, walking and talking, Kimberly Carnevale underwent months of grueling and painful physical and cognitive rehabilitation. Fortunately for her, she didn
