Who hasn't been touched by a dog? With their enthusiastic love, clarity of purpose, and

boundless ability to forgive, dogs may be our greatest teachers, if we could just take the time to listen and learn their language....Most of us who have dog friends know they are trying to tell us something. But what? In *Conversations with Dog*, professional animal communicator Kate Solisti-Mattelon asks the questions every dog lover wants to know. We no longer have to search for meaning solely in wagging tails, droopy ears, or bared teeth; dogs kindly spell things out for their human friends and provide a window into the consciousness of canines and the reasons for their existence within our human families. *Conversations with Dog* also includes photographs from Lynda Niemeier that capture the essence of dog, making it the perfect gift for anyone who loves dog.
